*How are you doing with the pledges for the October 11<sup>th</sup> “Sr. Inky Jog-a-thon”?* Be sure to ask friends, neighbors, co-workers to sponsor your child(ren) per lap or flat pledge. Thank you all so much! The Coordinator for this event is Stacey Thornycroft; so please check with her if you have any questions. Call her at (208)-310-9122, or email her at [insanepup@aol.com](mailto:insanepup@aol.com)

Remember *any amount per pledge obtained* is great. The student with the MOST pledges will earn a special surprise, as well as the most laps run, and the one who brings in the most money. Was the “sample note” via email a help to you? This email note may be sent to family and friends at a distance requesting support of the Jog. We hope this “tool” will assist your family in obtaining pledges.

***Please add the following Procedure to your Parent Handbook.***

#### **Policy dealing with head lice/nits**

*If a student is found with head lice/nits—s/he will need to go home immediately. After treatment, the child may return to school. However, the parent will need to come to school with the child to have the head checked by school personnel before school in order to be readmitted to class. If there are no nits the student may attend class. If there are nits, the parent will need to take the child home and continue the head lice treatment. The school office has some documents regarding head lice that may be helpful to the family.*
