**SCHOOL NEWSLETTER**  
**St. Mary's Parish School**  
**Week of April 26, 2021**

*This past week, I (Sister Margaret) received this email from one of our parents. What they wrote, we all need to know. I would like to thank the family for their care and concern for ALL of our school community.*

“We contact you because today we saw at least three parents not wearing a mask when dropping off their kids at St. Mary’s, around 8am. We don’t know if they entered the building and, if so, whether they wore a mask, but we can let you know that they didn’t wear a mask while walking in the playground and that several kids were walking or playing next to them. We saw a similar behavior of at least one parent every day at around 8am for several weeks already, but today we had the impression that the practice is becoming more popular among parents. (Let us be clear, their mask wasn’t hanging in their chin or ear, they didn’t have any mask to be seen.) We understand that weather is getting warmer, but we cannot relax mask wearing being so close to the end of the academic year. Perhaps more importantly, we must give example to our children about mask wearing and health measures. How can we ask them to wear a mask all day long if parents don’t even wear it for one minute while dropping their kids off at school? We know you have been working extremely hard this year to keep students (and families!) safe, so we just want to help you complete the academic year safely.”
